General guidelines

ISA membership is mandatory for any presentation.

Conference registration is mandatory before submitting the abstract.

Submission is open to both postgraduates and practitioners.

The types of presentation

Paper : Free / Competitive

Poster : Free / Competitive

The final allotment of an abstract to a particular category will be done after peer reviewing the abstract. The abstract must not have been presented or published before and should be original. Rights of acceptance/ rejection rests with the scientific committee and its decision is final.

The abstracts must be submitted in the format of the template attached below. Abstracts which do not follow the instructions will not be considered for further review, please follow the instructions closely. Abstracts stating "data will be discussed in presentation" will NOT be accepted. Please submit a approval form from the Head of Department to confirm that you are a postgraduate in the department.

An acknowledgment mail on the receipt of the abstract will be sent in 2-3 days of submitting. The decision will be informed by the end of September 2025.

Instructions for the abstract :

Times New Roman , Size 12

Should be limited to 250 words, excluding references

Last Date For Submission Of Abstract Is September 10th 2025
